DIED SUDDENLY
OF HEART DISEASE.

How frequently does a head line similar to the above greet us in the newspapers. The rush, push and strenuousness of the American people has a strong tendency to lead up to valvular and other affections of the heart, attended by irregular action, palpitation, dizziness, smothered sensations and other distressing symptoms.

Three of the prominent ingredients of which Dr. Pierce's Golden Medical Discovery is made are recommended by some of the leading writers on *Materia Medica* for the cure of just such cases. Golden Seal root, for instance, is said by the UNITED STATES DISPENSATORY, a standard authority, "to impart tone and increased power to the heart's action." Numerous other leading authorities represent Golden Seal as an unsurpassed tonic for the muscular system in general, and as the heart is almost wholly composed of muscular tissue, it naturally follows that it must be greatly strengthened by this superb, general tonic. But probably the most important ingredient of "Golden Medical Discovery," so far as its marvelous cures of valvular and other affections of the heart are concerned, is Stone root, or *Collinsonia Can.*, Prof. Wm. Paine, author of Paine's Epitomy of Medicine, says of it:

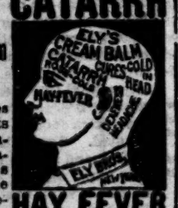

"I, not long since, had a patient who was so much oppressed with valvular disease of the heart that his friends were obliged to carry him up-stairs. He, however, gradually recovered under the influence of Collinsonia (medicinal principle extracted from Stone root), and is now attending to his business. Heretofore physicians knew of no remedy for the removal of so distressing and so dangerous a malady. With them it was all guess-work, and it fearfully warned the afflicted that death was near at hand. Collinsonia unquestionably affords relief in such cases, and in most instances effects a cure."

Stone root is also recommended by Drs. Hale and Ellingwood, of Chicago, for valvular and other diseases of the heart. The latter says: "It is a heart tonic of direct and *permanent* influence."

"Golden Medical Discovery," not only cures serious heart affections, but is a most efficient general tonic and invigorator, strengthening the stomach, invigorating the liver, regulating the bowels and curing catarrhal affections in all parts of the system.

APPEARING OLD

...ets as a Bar to Profitable Employment.

You cannot afford to grow old.

In these days of strenuous competition it is necessary to maintain, as long as possible ones youthful appearance.

It is impossible to do this without retaining a luxurious growth of hair.

The presence of Dandruff indicates the presence of a burrowing germ which lives and thrives on the roots of the hair until it causes total baldness.

Newbro's Herpicide is the only known destroyer of this pest, and it is as effective as it is delightful to use.

Herpicide makes an elegant hair dressing as well as Dandruff cure.

Accept no substitute—there is none.

Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

Two sizes—50 cents and $1.00.

# Rheumatism

I have found a tried and tested cure for Rheumatism! Not a remedy that will straighten the distorted limbs of chronic cripples, nor turn bony growths back to flesh again. That is impossible, but I can now surely kill the pains and pangs of this deplorable disease.

In Germany—with a Chemist in the City of Darmstadt—I found the last ingredient with which Dr. Shoop's Rheumatic Remedy was made a perfected, dependable prescription. Without that last ingredient, I successfully treated many, many cases of Rheumatism; but now, at last, it uniformly cures all curable cases of this heretofore much dreaded disease. Those sand-like granular wastes, found in Rheumatic Blood, seem to dissolve and pass away under the action of this remedy as freely as does sugar when added to pure water. And then, when dissolved, these poisonous wastes freely pass from the system, and the cause of Rheumatism is gone forever. There is now no real need—no actual excuse to suffer longer without help. We sell, and in confidence recommend

CHEERED LEE'S LETTER.

Thirty of the surviving comrades of the Third Pennsylvania Cavalry held their annual reunion in Chester, Pa., last Saturday night in the headquarters of Wilde Post, No. 25, Grand Army of the Republic, and recalled reminiscences of the cavalry fight at Kelley's Ford, Virginia, on March 17, 1863. The veterans listened to the reading by James McGahey, of Darby, secretary of the association, of an old letter from the late General Fitzhugh Lee, who commanded the Confederate cavalry on the occasion referred to. The general was once invited to attend one of the reunions and wrote:—

"I beg that you will convey to the Third Pennsylvania Cavalry Association my appreciation of the invitation to attend their meeting on the 17th inst. My duties being so constant and pressing obliges me to say that it is not possible for me to be present upon such an interesting occasion. I regret therefore, that the opportunity is not afforded to say to the survivors some things about my personal friend, the late General William W. Averill. He graduated before I did, but we were both officers in the cavalry of the United States army in peace, and afterwards both were major generals commanding cavalry against each other in war. I remember the occasion in this latter year to which you refer, namely, the fight at Hartwood Church, in Stafford county, Va., and the battle at Kelly's Ford, afterwards, where Averill and I commanded opposing troops. I remember, too, the note you mention, which in a spirit of fun I left for General Averill when I drove his pickets in at Hartwood, in which I told him, as I remember, to stop his foolishness, take his men out of my State and go home; that I rode a fast horse, but in my opinion his horse was the faster of the two. I also asked him to come over and see me and bring me a bag of coffee. You know we were a little short on coffee those days in the southern States. I think I told him, too, that I would exchange tobacco for it. General Averill told me he showed this note to President Lincoln, who upon, reading it, laughed very heartily. After the war was over General Averill visited me when I was Governor of Virginia and accompanied me and made speeches in one or two parts of the State. He was received with great enthusiasm and made many friends in Virginia in consequence of his patriotic and generous sentiments." General Averill was the noted colonel of the Third Pennsylvania Cavalry under whose rigid discipline this old regiment was brought to a condition of usefulness which made it the vanguard of the old Army of the Potomac. The reading of the letter was received with applause.

To remove a cough you must get at the cold which causes the cough. There is nothing so good for this as Kennedy's Laxative Cough Syrup. The liquid cold relief that is most quickly effective, that stills and quiets the cough and drives out the cold. Sold by W. F. Creighton & Co., 401 King street.

Bogus Priest.

A man impersonating a priest, if not being a deposed priest, celebrated mass in the Polish Church at New Cumberland, W. Va., last Sunday and took up a collection of $150 and departed, taking the money with him. He applied at the home of Mrs. Kelly, an aged lady of New Cumberland, who is a devout Catholic, and so dignified in bearing and appearance was he that his station was not questioned. He claimed that he had a sister, who traveled with him, but he had left her at Steubenville.

When hearing confessions last Saturday morning at the little Polish Church he had every action of a priest. He remained over Sunday and celebrated mass in a manner that greatly pleased the parishioners, who crowded the church, which has been without a regular pastor. He bade his hostess good-by, and in shaking hands with Mrs. Kelly said he was so thankful to her for her kindness, and promised to say masses for her in the future.

He gave the name of Father Paul Szullerecki, and had previously tried to find favor at Chester, but Father Sauer there had nothing to say to him. "Father Paul" is a handsome man. Bishop Donahue has warned the churches against him.

Does Coffee disagree with you? Probably it does! Then try Dr. Shoop's Health Coffee. "Health Coffee" is a clever combination of parched cereals and nuts. Not a grain of real Coffee, remember, in Dr. Shoop's Health Coffee, yet its flavor and taste matches closely old Java and Mocha Coffee. If your stomach, heart or kidneys can't stand Coffee drinking, try Health Coffee. It is wholesome, nourishing, and satisfying. It's nice even for the youngest child. Sold by E. S. Leadbeater & Sons, druggists.

Store Wrecked by Bomb.

The store of Joseph Tusa, a fish dealer of Philadelphia, was wrecked last night by a bomb supposed to have been thrown into the place by "black hand" agents. Tusa and his daughter were in a rear room when the bomb was thrown, but they escaped serious injury, as did the family of Giovanni Ragolia, who occupy rooms over the store.

About a month ago Tusa found a note under the front door of his store when he opened the place in the morning. The note was signed "Black Hand," and demanded the payment of $1,000. Tusa was warned that he would be severely dealt with if he failed to pay the money. After discussing the matter with his family Tusa concluded the note had been put under his door by boys or some practical joker. He destroyed the note, but afterward told the police.

The bomb which was thrown into the store is supposed to have been loaded with nitroglycerine. The bulky windows and doors of the store were blown out, the floor ripped up, and all the shelves, with their weight of provisions, fell. The explosion roused the Italian settlement, and the business men are terrorized because a similar bomb was thrown into a store less than two blocks from the scene of last night's explosion on Monday a week ago.

A Humane Appeal.

A humane citizen of Richmond, Ind., Mr. D. D. Williams, 107 West Main St., says: "I appeal to all persons with weak lungs to take Dr. King's New Discovery, the only remedy that has helped me and fully comes up to the proprietor's recommendation." It saves more lives than all other throat and lung remedies put together. Used as a cough cure the world over. Cures asthma, bronchitis, croup, whooping cough, quinsy, hoarseness, and phthsic, stops hemorrhages of the lungs and builds them up. Guaranteed at E. S. Leadbeater & Son's drug store. 50c and $1. PROPOSALS.

AN ORDINANCE to provide for the leasing, with the privilege of purchasing, by the City Council of Alexandria, of certain land situate in the city of Alexandria upon certain terms, conditions and provisions, to the person or corporation hereafter to be ascertained in the manner prescribed by law.

Be it ordained by the City Council of Alexandria, Virginia:

Section 1. That there shall be leased, with the privilege of purchasing, in the manner prescribed by the constitution and laws of the State of Virginia, the following described property situate in the city of Alexandria, Virginia, and bounded and described as follows, viz:

(a) Square of ground bounded by First street on the north, Royal street on the east, Montgomery street on the south and Pitt street on the west.

(b) Square of ground bounded by First street on the north, Fairfax street on the east, Montgomery street on the south and Royal street on the west.

(c) Beginning at a point on the east side of Fairfax street 174 feet north of the building line of Montgomery street and running thence east parallel with Montgomery street 246 feet 10 inches to the west building line of Lee street; thence north along the line of said Lee street to the south building line of First street; thence west along the line of said First street 246 feet 10 inches to the east building line of Fairfax street and thence south along the line of said Fairfax street to the place of beginning.

(d) Beginning at a point on the east building line of Lee street 174 feet north of the north building line of Montgomery street and running thence east parallel with Montgomery street 300 feet to the west building line of Union street; thence north along the said line of Union street to the south building line of First street; thence west along the said line of First street 300 feet to the east building line of Lee street and thence south along the said line of Lee street to the place of beginning; and all that land east of the said parcel from the east building line of Union street to the river, the south line of said parcel being parallel with and 174 feet distant from the north line of Montgomery street, for the term of fifteen years, with the privilege of purchase, upon the terms, conditions and provisions, which are embodied in the following draft of an ordinance:

An ordinance to lease, with the privilege of purchase, to ——————, his associates and assigns, certain land situate in the city of Alexandria, upon certain terms, conditions and provisions.

Be it ordained by the City Council of Alexandria, Virginia:

Section 1. That a lease of the following described property, to-wit:

(a) Square of ground bounded by First street on the north, Royal street on the east, Montgomery street on the south and Pitt street on the west.

(b) Square of ground bounded by First street on the north, Fairfax street on the east, Montgomery street on the south and Royal street on the west.

(c) Beginning at a point on the east side of Fairfax street 174 feet north of the north building line of Montgomery street and running thence east parallel with Montgomery street 246 feet 10 inches to the west building line of Lee street; thence north along the line of said Lee street to the south building line of First street; thence west along the line of said First street 246 feet 10 inches to the east building line of Fairfax street and thence south along the line of said Fairfax street to the place of beginning.

(d) Beginning at a point on the east building line of Lee street 174 feet north of the north building line of Montgomery street and running thence east parallel with Montgomery street 300 feet to the west building line of Union street; thence north along the said line of Union street to the south building line of First street; thence west along the said line of First street 300 feet to the east building line of Lee street and thence south along the said line of Lee street to the place of beginning; and all that land east of the said parcel from the east building line of Union street to the river, the south line of said parcel being parallel with and 174 feet distant from the north line of Montgomery street, is hereby authorized to ——————, his associates and assigns, for the period of fifteen years, at an annual rent of —————— dollars, with the right and privilege on his and their part to purchase said real estate at any time during said period, at and for the sum of —————— dollars, the lease to contain a provision that the same is to be null, void and of no effect, unless the said ——————, his associates and assigns, shall, within sixty days begin construction, and within one year from execution thereof, expend not less than $25,000 in the erection of a factory and employ not less then fifty men in the manufacture of —————— and conduct said manufacturing business upon said real estate and erect and construct thereon the necessary buildings, improvements, betterments and machinery for the prosecution and conduct of said business.

The said lease also to contain a provision that, if the said property shall remain closed or idle, or if less than fifty men be employed for a period of one year, then, in that event, the said real estate, exclusive of improvements thereon, shall revert or return to the City Council of Alexandria, or that if the said ——————, his associates or his or their assigns, shall cease to do business entirely, and shall declare their intention of closing the business, and shall close the business, then, and in that event, the said real estate, exclusive of improvements theron, shall revert or return to the said City Council of Alexandria.

And the said lease shall also provide that all stone in the old canal locks and basins, embraced in this property, shall remain the property of the City Council of Alexandria, and the said City Council shall have the right to remove the same whenever it may desire to do so.

Section 2. That upon the termination of said lease, if the said ——————, his associates and assigns, shall not have exercised the right to purchase said real estate upon the terms hereinbefore stated, then, and in that event, he and they shall have the space of six months thereafter within which to remove from said real estate all betterments, improvements, buildings and machinery erected, made and placed thereon by him or them, and the same shall remain his and their property.

Section 3. The attorney for the city of Alexandria is hereby empowered and instructed to prepare a written lease from the City Council of Alexandria, to the said ——————, his associates, or whoever, he or they may designate as his or their assigns, embodying the terms, conditions and provisions hereinbefore set forth and stated, and the Mayor of the city of Alexandria is hereby empowered and authorized to execute said lease for and on behalf of the City Council of Alexandria, signing its corporate name and attaching its corporate seal thereto.

Section 4. This ordinance shall be in force from and after its passage.

Section 2. That upon the approval of this ordinance by the Mayor of the city of Alexandria it shall be the duty of the Clerk of the Common Council to cause to be advertised once a week for four successive weeks in a newspaper published in the city of Alexandria, Va., a draft of the ordinance contained in the foregoing section, and in addition he shall in such advertisement invite bids for the lease proposed to be granted in the above proposed ordinance. The cost of this advertisement to be reimbursed to the City Council of Alexandria by the corporation or person to whom the grant of such lease is finally made. The City Council reserves the right to reject any and all bids. Each bidder will be required to file with his bid a certified check for one hundred dollars, payable to the order of the City Council of Alexandria, which certified check or checks will be returned to such bidder or bidders whose bid or bids are rejected, and in the case of the bidder whose bid is accepted and to whom the above lease is granted, said check will be returned upon the payment to the City Council of Alexandria of the cost of this advertisement. The bids are to be delivered to the presiding officer of the Common Council of the city of Alexandria, in open session at the date and hour of the next regular session of said body held next after such advertisement shall be completed, and shall be then and there presented by the presiding officer to the City Council of Alexandria to be dealt with and acted upon in the mode prescribed by law.

Section 3. This ordinance shall be in force from its passage.

Bids are invited for the lease proposed to be granted by the above ordinance, which bids are to be in writing and are to be delivered on the 9th day of April, 1907, at 8 o'clock p. m., to the presiding officer of the Common Council of this city, in the Council Chamber thereof. No bidder, however, will be compelled to comply with his bid unless his bid for the above lease is accepted. Each bidder will be required to file with his bid a certified check for $100 in accordance with Section 2 of the above ordinance. The City Council reserves the right to reject any and all bids.

THURSDAY EVENING, MAR. 21, 1907.

A BILL has been introduced in the Pennsylvania Legislature making it lawful for any person in that State to assault proprietors, editors or reporters of newspapers that publish defamatory matter against the offended person. The bill provides that the defendant in any suit for assault and battery shall be acquitted if he proves that the person upon whom the assault was committed wrote or published, within one year previous to the assault, any false or defamatory matter concerning the defendant or any parent, child, sister, wife or fiance of the defendant. The provisions of the bill extend to civil action for damages arising out of a case for assault and battery. If the person who commits the assault proves the fact concerning the publication the one assaulted can get no damages. According to the wording of the bill, a wide latitude is given mischievous persons, who may imagine they have grievances against luckless knights of the quill. The aggrieved ones are allowed to determine what is defamatory or not and to act accordingly. Such drastic action as is contemplated by the above has doubtless been superinduced by reckless attaches of yellow journals, whose main conception of the newspaper profession is to feed the readers of such papers on sensations, scandals and the laying bare of family skeletons. Such people, however, should not be taken as representatives of the profession, as the great majority of persons connected with newspapers are considerate and thoughtful, and are loth to wound the feelings of any one intentionally. Newspaper men, as a rule, have much with which to contend. Every day is a strenuous day with them, as they are required to chronicle diurnal happenings in a limited time. They play an important part in every community, but are less understood than are many in other stations in life. Much is expected of them and but little excuse is made if they fail to interest all readers at the close of the day. There has ever been a disposition on the part of thoughtless persons to look upon all newspaper men -especially those engaged in gathering items—as persons no one is called upon to respect. This class is generally of a nature around which the veil of charity is often drawn by the thoughtful reporter, but, when no clouds are enveloping beneficiaries of newspaper courtesy the latter are the most censorious, exacting and critical as to what should appear in public prints. If the personnel of the champions of the bill which has been introduced in the Pennsylvania legislature could be ascertained, they would probably be found to be of a caste who often find themselves at the mercy of newspaper men. But most of the latter class are slow to use the powerful bludgeon which can make or ruin a man, and in the great majority of cases they place screens between human failings and the eyes of the world.

THE PROCLAMATION which it was stated had been issued by the Nicaraguan government promising the soldiers of the republic the loot of the first cities which they can capture in both Honduras and Salvador but which was afterwards positively denied by the Nicaraguan minister in Washington yesterday, was characterized by officials of the State Department and officers of the United States army as inhuman, brutal and uncivilized. They also said: "Military necessity cannot excuse such looting as has been authorized by Nicaragua, and that country will certainly be held responsible for any interference with foreigners or foreign interests. The rules of war of the United States read, in one place, as follows: 'All wanton violence committed against persons in the invaded country, all robbery, all pillage or sacking, even after taking a place by main force, are prohibited under the penalty of death.'"

This sound strange to people in the South who remember the civil war. Why, looting by the federal soldiers began at the very beginning of that war (this office being looted soon after the troops took possession of this city) and was kept up till the end thereof.

FRANK D. TUBBS, principal of the high school at Marion, Ohio, a city of 20,000 population will lose his position as the result of a speech he made recently to the senior class while teaching history. Tubbs believes General Robert E. Lee was one of the greatest generals in the world, and his statement to that effect was taken up by the Grand Army of the Republic, with the result that the Board of Education has demanded his resignation. And still the northern people say "the war is over."

EXTRAORDINARY expenses to the United States up to date caused by the sending of an army of pacification to Cuba aggregate about $2,500,000, according to figures which have been prepared by the War Department. The tax payers of the country are paying dearly for its "colonial policy."

Two months have not passed since the enactment into law of the McCumber service pension measure, which pensions soldiers of the civil war owing to their advancement in age, yet claims under the law numbering 261,000 have already been filed with the pension bureau. To meet the demands the measure makes upon the resources of the pension bureau, an additional appropriation of ten million dollars will have to be made each year.

## From Washington.

[Correspondence of the Alexandria Gazette.]

Washington, March 21.

Railroad men, financiers and governors are dividing honors at the White House this week and before Saturday comes the President ought to have a pretty good idea of where these three classes stand in relation to the recent flurry in Wall street. The President has announced within the last two days that he is consulting all the experts that he can find, that he may be enabled to see the financial question from all its sides. After he becomes thoroughly familiar with all phases of the question as well as with the frame of mind of the railroad men, bankers, statesmen and even stock manipulators, he will decide upon his own course and steer accordingly. The list of visitors received at the White House recently including J. Pierpont Morgan, E. H. Harriman and other named magnates and financiers spoke eloquently of the President's desire to get light from all quarters. In addition to consulting with these men in person the President has been carrying on correspondence with a large number of men throughout the country. Among these is Governor John A. Johnson, of Minnesota, who has advanced ideas on the subject of railroad control and has been trying very hard to convince the President that he has the best solution of the problem. The correspondence between the President and Governor has not yet been made public but may be printed one of these days at either end of the route. The President will have a personal conference with Governor Hughes of New York, sometime between now and next fall, but whether it will take place in Washington or at Oyster Bay the President has not yet determined.

Right Honorable James Bryce, the British Ambassador, and Mrs. Bryce will leave here this evening for New York and Canada. They will be entertained on Friday night at dinner in New York city by Joseph H. Choate, former Ambassador to London. On Saturday Mr. Bryce will be the guest of honor at the annual dinner of the Pilgrims and on Monday at the Union League Club. He will start on his visit to Canada on Tuesday, proceeding to Ottawa where he will be the guest of Earl Grey, the Governor General. During his visit to Earl Grey, who is a personal as well as official friend, Mr. Bryce will discuss outstanding questions between England and the United States in which Canada is interested.

Four of the five experts sent by the Treasury Department to Chicago to count the money and go over the accounts of the sub-treasury in that city, returned to Washington today, and filed their report with Secretary Cortelyou. It is understood that they found the shortage to be in the neighborhood of $178, 000, the original figures estimated by the Chicago officials. Secretary Cortelyou declines to discuss the report at this time.

The State Department is informed by the American Consul General at Canton, China, under date of January 30, that the revival of the boycott against American goods has been promptly suppressed by the Viceroy and that no meetings have been held since about January 8th, nor has the word "boycott" once appeared in the native press.

During an interview between the President and Senator Cullom, of Illinois, this morning, the latter expressed the belief that E. H. Harriman ought to be in the penitentiary for his connection with the Alton stock deal. "I told the President" said Senator Cullom after he left the executive office, "that if I had my way I'd put Harriman in the penitentiary." "Did the President agree with you, Senator?" the venerable statesman was asked. "I do not think he made any comment upon my remark" replied the Senator with a smile. In reply to a question Senator Cullom said that he did not believe the State authorities of Illinois were doing "much" in regard to the Harriman matter, "but I see by the papers that the Governor is preparing a bill of some sort on the subject."

The Postoffice Department today issued a fraud order, debarring H. H. Harsha, and the Harsha Cooperation Advertising Company from the use of the mails. Harsha is charged with inducing farmers to register with him in order to sell their farms by advertising in his "magazine."

Commissioner Ballinger, of the general land office, has given Governor Crawford, of South Dakota, sixty days in which to disprove the charges recently made public by Republican Mann, of Illinois, that Crawford's land claims had been procured through fraud. If satisfactory answer is not made, the patents held by the Governor will be cancealed.

Brigadier General Theodore J. Wint, United States army, died in this city this morning at 2 o'clock, of heart disease. He had been on duty in Cuba, in command of the troops there until three weeks ago, when he was relieved on account of ill health and ordered to Philadelphia for treatment. He was slated for promotion to the rank of major general in October next. He entered the army on Oct. 16, 1861, as a private in the 6th Pennsylvania Volunteer Cavalry.

Following a conference today between the executive council of the American Federation of Labor and representatives of the several brotherhoods of railway employes. President Gompers announced that it was the sense of those participating that a bill should be introduced in the next Congress and pressed for passage, that federal courts, inferior to the Supreme Court of the United States, be deprived of the power to declare any act passed by Congress to be unconstitutional.

Senator Alee, of Delaware, who called at the White House today on personal business, took occasion to deny that he had to come to enlist the President's aid in the search for the missing Marvin boy. He failed to see how the President could do anything in the matter, and stated that he had not been asked by any one in Delaware to bring the case to the attention of the President.

Brazilian Ambassador, Nabuco, who in the absence of Minister de Alte of Portugal has been acting as the representative of that government, received a cablegram today from the Lisbon foreign office announcing the appointment of Cinz Arenas Lima as Charge d'Affaires of the Portugese legation.

S. A. D. Puter, brought on to Washington from jail in Oregon to be the government's star witness in the trial of ex-Representative Binger Hermann, of Oregon, charged with destroying government records, today continued his damaging testimony against the former Commissioner of the Land Office. District Attorney Baker asked witness whether he had any conversation with Dr. Loomis, a forest ranger, concerning immunity for Loomis. Witness stated that he had advised Loomis to throw himself on the mercy of the court and tell everything he knew. "Was there anything said about Hermann in these conversations with Loomis? asked Baker. "Yes, in a general way," replied the witness. "We knew that Hermann was mixed up in the fraud cases." "Did you have any conversation with Mays?" "Yes. I saw Mays, and he said he was going to pull off a swell deal in Washington and advised me to get into it. I told him I was ready to put up my share at any time Later he told me he was going to have a forest reserve created in the Blue mountains. I expressed my surprise as these lands are known as mineral lands, but he said he would be able to fix all right. Senator Mitchell, he said, could be counted on in helping us out, and Hermann would stand in." To this line of testimony, counsel for the defense strenuously objected, but the court allowed it to go in. Witness stated that afterwards Mays paid a visit to Washington and the reserve was created. This would necessitate, he said, another trip to Oregon, and, to save expense, he suggested that affidavits be made by owners of the property. Commissioner Hermann, he declared, told witness to see Senator Mitchell and fix things up between them. Later, he said, Hermann told him that he would have to find more proof."

The contract for building the new Masonic Temple was last night awarded to the Thompson-Starrett Company at their bid of $344,000. There were no local bidders, the other two bidders being the Norcross Brothers Company and the George A. Fuller Company.

Secretary Cortelyou has made a number of changes in the New York custom house having asked for the resignation of several of the customs officers.

The women suffragists attempted yesterday a demonstrative raid on parliament the British numerous than any of their previous efforts. The police, however, had timely warning, and made preparations that resulted in making the demonstration somewhat ineffective. The only result was some amusing disorderly scuffles and the arrest of nearly 70 suffragists, who were at once liberated on bail.

Charged with having used a razor with probable fatal effect on Mrs. Ella Rheton, a white woman, and her daughter, and kicking her son, a small child, about the road, two colored women were shot to death at McKamie, near Stamps, Ark., Tuesday. According to the statement of Mrs. Rheton, she and her two children were attacked by the negro women while walking along the public road Tuesday, she and her daughter receiving knife wounds which may prove fatal.

An explosion occurred late yesterday in the Emporium powder mill, located two miles west of Emporium, Pa., which caused the death of six men. The cause of the explosion has not been ascertained. The explosion occurred in the mixing house, There were 1,000 pounds of dynamite in the building, and the six men who lost their lives were engaged in making dynamite by mixing nitroglycerin and wood pulp. The town of Emporium was shaken until windows fell in, and the jar was felt as far as St. Mary's and Driftwood, twenty miles distant.

Mr. Robert Lee Traylor, formerly of Richmond, died in Memphis yesterday. Mr. Traylor was a life member of the Virginia Historical Association, the Southern Historical Association, the American Historical Association, the Association for the Preservation of Virginia Antiquities, the Virginia Baptist Historical Society, and an honorary member of the Virginia Alpha Phi Beta Kappa Fraternity. He accumulated a library of about 6,000 volumes relating to Southeastern States and to Edgar Allan Poe, including probably the largest collection in private hands anywhere of books illustrating the literature and history of Virginia.

No evidence of any importance was introduced yesterday except that of Bailey himself, who told in a straightforward manner the story of the escape of Miss Willis.

**Tillman Causes Trouble.**

According to a story vouched for by several prominent men of Winchester and Martinsburg, W. Va., a personal encounter and free-for-all fight was narrowly averted early Sunday morning in the Berkeley Club, at Martinsburg, between a number of its members and Senator Benjamin R. Tillman, of South Carolina, who, after lecturing in Winchester on the race question Saturday night, was driven to Martinsburg by Howard Emmart in the latter's automobile.

While waiting for a train en route to Columbus, Senator Tillman was entertained by Mr. Emmart and other prominent clubmen at the Berkeley Club, which is composed principally of republican business men, and during a discussion of national affairs Senator Tillman is said to have applied a derogatory epithet to President Roosevelt which many clubmen took as an insult, they being staunch admirers of the President. It is stated that men jumped to their feet and angrily demanded that the Senator's derogatory remarks and harsh criticism of the President be withdrawn.

The firey statesman, it is alleged, stuck to his post and refused to take back what he had said. The difficulty was finally smoothed over without a blow being struck.

## Today's Telegraphic News

**The Thaw Trial.**

New York, March 21.—With the exception of Harry Thaw's attorneys and the defendant himself, every one cognizant of the proceedings in the noted trial today believes that Jerome's request for a commission to pass upon his sanity will be granted. The following courses of action to unravel the now tangled skein of the trial are possible, however, contingent on Justice Fitzgerald ruling.

He can refuse the request for a lunacy commission, and order the trial to proceed tomorrow.

He can order a commission and it may declare Thaw insane at present.

He can order a commission and it may declare Thaw is sane.

In the first event, the trial will be resumed at the point where it was broken off yesterday with the question of how far Dr. Allen McLane Hamilton's testimony shall go, still to be decided if Delmas then insists on keeping the alienist on the stand.

If a commission is named and it finds Thaw insane, Matteawan undoubtedly will be Thaw's fate.

The third contingency is the one which at heart Thaw's attorneys would welcome the most, although they profess to believe no commission will be ordered. If a commission declares Thaw is sane today, his lawyers feel their case will be practically won.

They are confident their showing that Thaw was insane when he killed White is ample. If the jury takes this view of the situation, with a commission having declared that Thaw is sane at present, here would be nothing for the jurors to do but return a verdict of "not guilty."

Justice Fitzgerald is not expected to rule on the demand for a commission until tomorrow. When court assembles this afternoon, without the jury being present, Jerome will present his affidavits in support of his demand. Thaw's lawyers will reply to his statements as they see fit. It is more than likely some witnesses will be examined orally. When the jurors return to court at 10:30 tomorrow, Justice Fitzgerald will announce his decision, if the preliminary proceedings are completed this afternoon.

Dr. Hamilton, who dealt Gleason such a blow yesterday was expected to be called to testify orally today. It was also said Jerome has summoned Doctors Deemar and Bingamon from Pittsburg.

Thaw's lawyers were busy today preparing to meet Jerome's demand for the commission. While it was arranged some time ago that Gleason should take charge of the proceedings if Jerome made such a move, in view of his bad break yesterday it was reported he would be superseded in court today.

Thaw's defenders asserted they have no fear of the outcome of the new move. If an examination is made, they say, Thaw must be found sane.

It was reported today Harry Thaw is preparing a history of his case and the trial as it has appeared to him, to be submitted to Justice Fitzgerald, as showing he has fully understood all the proceedings and was able to advise his counsel, but that his attorneys had decided not to allow the statement to get out of their own possession.

Dan O'Reilly when questioned about the reported statement said:

"Well, I can't deny Thaw is preparing a statement, but I can say it will never be presented to the court or given to the newspapers."

New York, March 21—Harry Thaw's attorneys went to court this afternoon for the hearing of Jerome's request for a lunacy commission to examine their client, determined not to offer strenuous objection to the naming of a commission.

The Thaw attorneys believed such a commission might in the end prove the best thing for Thaw as they expressed confidence that a commission could not find Thaw insane today while an examination of this character would settle the question for all.

District Attorney Jerome has prepared his statement of facts on which he based his demand for the commission and read it to the court. The statement included affidavits by Irving S. Cobb, a newspaper writer, and Doctors Flint, Mabon, MacDonald, Pritchard, Ferris, Hirsch and Dieffenderf.

After reading the affidavits District Attorney Jerome filed them with Justice Fitzgerald at 2:15 this afternoon.

**Nicaraguan and Honduran Troops Battle.**

Managua, Nicaragua, March 21.—Meagre details of a bloody battle between Nicaraguan and Honduran troops in which between 700 and 800 casualties resulted, reached here today from Namasiquo, Honduras, where the engagement is said to have been fought.

Managua, March 21.—According to the report received here, the Honduran army was the aggressor, having attacked the Nicaraguan forces, which were strongly entrenched at Namasiquo. The battle is said to have opened with a skirmish just before dawn on March 17, and to have lasted for three days. President Zelaya was in personal command of the Nicaraguan troops, which were said to have been the victors and to have successfully held their position. Owing to the strength of the Nicaraguan defense, repeated assaults by the Honduran troops were easily repulsed and the attacking party finally gave up the fight and withdrew. Vague figures as to the number of casualties have been received here and little credence is placed in the most persistent reports that the Hondurans lost 500 dead and left 800 wounded on the field and that the Nicaraguan losses were 300 killed and a like number wounded. An unconfirmed report received here from San Juan del Sur says that the Honduran army was reinforced with a large body of Salvadoran troops, and that among those Hondurans taken prisoners were General Martinez, who was seriously wounded.

**New York Stock Market.**

New York, March 21.—Price movements during the first hour were irregular with a number of the leading issues showing firmness, while others seemed to be under the influence of forced liquidation and sustained material declines. These stocks were exceptions, however, and the losses noted in them had no influence on the trading in the rest of the list. Londen sold 15,000 to 20,000 shares with the heaviest foreign selling in Union Pacific and Southern Pacific. Government bonds unchanged.

**DIED.**

On Wednesday, March 20th, at 5:30 a. m., Mrs ALICE DEK LEB SHATTUCK, daughter of the late John T. and Lucy Lynch Armstrong. Funeral from her late residence, No. 514 Prince street, Friday afternoon, March 22nd, at 3 o'clock. Relatives and friends of the family invited.

**Arrival of Wadsworth.**

New York, March 21.—There was a sensation today when it became known that Craig Wadsworth, second secretary of the American Embassy in London, had arrived in New York on the steamer Oceanic. It was first reported he had come to testify in the Thaw trial but this was denied by the district attorney's office. Wadsworth knew Thaw, Evelyn Nesbit and the latter's mother, Mrs. Holman, when they were in London in 1903. Recently a London paper, The Throne, made an attack on him and, without naming him, demanded that he should resign because of his connection with a great scandal. Shortly before leaving London, Wadsworth gave out an interview telling what he knew of the doings of the Thaw party in London. When Wadsworth was found to be on the Oceanic it was at once rumored that he was the witness for whom the Thaw trial was delayed on Tuesday. Jerome admitted today he knew of Wadsworth's arrival, but denied his visit had any connection with the prosecutor's office.

**Ragged Woman Broke Up Wedding.**

New York, March 21.—Samuel Wachman woke up in jail today and found very different surroundings from those he had expected on the morning after his marriage. All the smart set of Essex street gathered last night to see him married to beautiful Lena Handschuck, when a ragged woman, carrying a baby, broke through the handsomely dressed crowd and claimed him as her husband. Behind her came a big policeman with a warrant. The ragged woman said Wachman deserted her two years ago in Russia, and that she had followed him ever since. The bride fainted and there was a scene that would guarantee success in a modern melo-drama. Wachman said he had been divorced from the woman and that the child was born to her by her second husband. He told the bride to wait for his return. She waited till past midnight but the would-be groom failed to appear.

**The "Captain" Out.**

New York, March 31 — "Captain Roman Simonson, U. S. A., hero of Pekin and victor of a thousand bloody fights," an imaginary person conceived and successfully acted by the son of an East Side butcher, was unanimously defeated, put to route, shot down, and made to bite the dust of a Hoboken street today by Lizzie Monahan, an unromantic girl.

A purchased uniform and a vivid imagination made Simonson the chief actor in a score of thrilling love affairs last summer. He says he was "wined and dined" by society, with no other admission ticket than his uniform.

But Lizzie Monahan, of Hoboken, is now awed by heroes and when he tried to jilt her, she went in for a little warfare on her own account.

A shot from her a pistol today put the "Captain" in the hospital, but his wound is not fatal.

**Will Re-enact "Asiatic Ordinance".**

Pretoria, March 21.—Dealing with the question of Chinese labor in the mines of the Transvaal, Earl Selbourne, High Commissioner of South Africa, in a speech at the opening of the first Parliament of the Transvaal Colony today, said that the employment of Chinese would cease at the earliest possible moment.

It is reported that the new government would re-enact the "Asiatic ordinance," which, although aimed especially at British Indians, is equally intended to exclude Japanese or other Asiatics who are emigrating to South Africa. The measure was recently disallowed by the Earl Elgin, secretary of State for the colonies, but it is felt that if the new Parliament re-enacts the measure, the imperial government would hardly venture to disallow it again.

**Million-Dollar Fire.**

Philadelphia, March 21.—With explosions hurling burning oil on employes and firemen, so badly injuring some of them that they are lying in the hospital in a critical condition, practically the whole city fire department for four hours today fought a stubborn blaze which destroyed more than $1,000,000 worth of property in the Atlantic Refining Works, at Point Breeze. Explosion followed explosion when the firemen arrived, and for a time the burning oil threatened to engulf the surrounding property. It was while fighting to prevent a spread of the conflagration that the firemen were injured and only after the fire had burned for four hours when the flames were under control. The cause of the fire is unknown.

**Theft of American Mail Bag.**

Paris, March 21 —Detectives tracing the mystery surrounding the theft of an American mail bag, said to contain approximately $400,000, which was taken from the French liner La Provence which arrived at Havre March 6, admit today that they are close on the trail of the perpetrators of the daring robbery. A man named Butloss, held here under suspicion as the result of his being unable to account for $42,000 worth of securities found in his possession, declines to talk to newspaper men, but is believed to have given the officers a hot tip which may lead to other arrests.

**Arrest of Halsey.**

San Francisco, Cala., March 21.—Theodore V. Halsey, of the Pacific States Telephone Company, indicted for bribing ten supervisors with $5,000 each to refuse a franchise to the rival Home Telephone Company, was arrested in Manila yesterday by Secret Service Agent Trowbridge, according to word received today. A report that Ruef and Schmitz planned flight was circulated last night. Precautions were taken by Heney and Burns which makes escape nearly impossible.

**Ten Miners Reported Killed.**

Sergeant, Ky., March 21.—A report reached here today that ten miners were killed by an explosion in the Colonial mines near Dorchester.

**Virginia Declines.**

In answer to the invitation of the War Department to have the Virginia militia take part with the regular troops in drills at Fort Monroe, the governor of the State has informed acting Secretary Oliver that the larger part of the guard will be stationed at the Jamestown Exposition from June 5 to 15, and that will leave but two batteries of artillery available for the joint drills at Fort Monroe.

**Used Dynamite.**

"Preventics" will promptly check a cold or the Grippe when taken early or at the "sneeze stage" Preventics cure seated colds as well Preventics are little candy cold cure tablets, and Dr. Shoop, Racine, Wis., will gladly mail you samples and a book on colds free, if you will write him. The samples prove their merit. Check early Colds with preventics and stop Pneumonia. Sold in 5c and 25c boxes by E. S. Leadbeater & Sons, druggists.

**EXTRA TRAINS ON THE MANASSAS BRANCH.**

Last season, a number of citizens of the towns situated on the Manassas branch of the Southern Railway having at heart an interest in the development of their respective localities, as well as a wish to secure to themselves improved passenger service between Strasburg and Manassas and Washington, started a movement to bring these conditions to pass.

It was recognized in the very beginning, that lack of adequate passenger service was to a great extent responsible for lack of development of communities which naturally abounded in features attractive to summer boarders. Here within a ride of an hour or so, were good healthy localities, where the moderately paid city man could send his family, away from the heat of asphalt streets and brick walls, sure that they could enjoy pure milk and fresh air and yet still be well within the means of his pocketbook. No, there was nothing like Atlantic City or Coney Island; nothing but peace and quite and rest, and best, of all, he could live with them and go back and forth each day to his work in Alexandria or Washington if it were not possible to take leave of absence. Investors in timber lands, live stock and farms are always more ready to go where access is made easy by the running of numerous trains. By adequate train service, children could attend the excellent city schools and young men take courses in business colleges, many of which offer summer courses. Men with homes in the country, who wish to go daily to the city to work, could return with the feeling that nothing can compensate for "home," the wholesome supper and cool night breezes. Try a city boarding house, you who have never done so, and be convinced.

Would extra trains on the branch pay the railroad? Would development of the localities actually take place? You who are skeptical turn your gaze upon the Bluemont branch of the Southern Railway and harken to its history.

Once upon a time, the country through which the Bluemont branch ran was much as the Manassas branch country is now. There were a few possenger trains running on inconvenient schedules, simply enough to hold the charter of the road. A few spirited citizens appealed to the railroad for better train service. It was discouraged on the apparently very good ground that it would not pay the road to furnish more trains The citizens in question were not satisfied; they knew the country much better than the railroad officials did and had a much keener foresight. They appealed to their neighbors, they tried to induce city capital to invest in their lands and summer boarders to promise to patronize the extra trains in case they were granted. Again the railroad was petitioned and agreed to make a trial and give extra service, feeling no doubt that it was a wild venture. Gentlemen, in less time than it takes to tell it, the country began to develop and build up in spite of certain of its skeptical citizens who predicted complete failure of the railroad, and a few other things. The railroad hasn't failed yet and we understand considers the Bluemont branch as one of its best paying short haul investments. Do you know of any citizens of the Manassas branch last summer, who, instead of helping build up traffic, spent much time wagging their heads and stating that the extra trains wouldn't pay? There are always a few such in every community. There were, last summer, a number of trains running in and out of Washington over the Bluemont branch, among them, it is reported, was a theater train. There are at this time six week days trains out of Washington and five in. How many trains has the Manassas Branch? Just two each way on week days.

As lands become more valuable near Washington in one direction, capital seeks investment in another. Isn't the Manassas branch a parallel case not only in theory but in actuality? Cannot we do the same thing as our Bluemont branch neighbors and help ourselves and friends and the railroad all at the same time? Can we again make the railroad see the wisdom of the move and give us extra trains for the summer months? It depends. Last season we appealed for an extra train which would get us into Washington in time for office; and a late train to take us home again. The railroad did its part, gentlemen; they gave us the trains in question for three months as a test. Did we do our part? Did we patronize them sufficiently to pay for the coal burned in the locomotive? Some of us did, but many, many did not, but took other trains when they could just as well as not have patronized the new ones. We will not go into the question of "insufficient advertisement," or "not run long enough to get people acquainted with them," or "not on time at Washington half the time," and many other such remarks as have come to our ears; the fact is simply this—the Southern Railway did show a disposition and did grant our request; now why didn't we do ours?

Now this coming season we want these trains again, don't we? but we are not going to get them unless each and every individual does his part; works for them in his own quiet way, in his own individual way and thus shows the railroad that there is indeed a real interest in the movement. Then we have got to help—have got to go hand in hand with the railroad and make the trains pay. They are not in the business for their health—they must have sufficient compensation to at least pay for coal and oil, train crew and wear and tear. Do you want to run a store or a farm unless you know right down in your heart that you can at least clear expenses? Perhaps for a little while you are willing to do so, provided you can see better times ahead. So is the railroad, but they want some assurance. Give them this assurance and your help and patronage on the Manassas branch, and, gentlemen, as sure as I live you wont regret it, and the time is bound to come in a few years when you will say, "Well, I was offered so much for my land the other day. That's a lot more than I could have sold it for a few years ago. Yes there was a city man up here trying to buy that team of bays. He was only here about an hour and went back on the next train said he would be up in the morning and thought he would take them at my own figures." "John? oh he goes into town to the business school every day and is getting on fine."

Gentlemen, let every one work for the extra trains this year and then patronize them and induce our friends to do so also.

## Local Matters.

### Sun and Tide Table.

Sun rises tomorrow at 6:01 a. m. and sets at 6:14 p. m. High water at 1:41 a. m. and 2:02 p. m.

### Weather Probabilities.

For this section fair, warmer tonight. Friday increasing cloudiness and warmer, rain by night; fresh southerly winds.

### Labor Union Protests.

In reference to the statement to him of J. H. Bieglee, of the Central Labor Union, of Washington, that members of the various labor organizations felt aggrieved at the action of the superintendent of police in promoting Capts. W. H. Matthews and W. B. Mulhall, against whom charges are pending in connection with the death of Engineer Hugh Murphy, of Alexandria, by the overturning of a locomotive at Sixth street and Maryland Avenue, Washington, Commissioner Macfarland said yesterday that no formal protest had been received. In the event the officers are acquitted of the charges which have been made against them, it is understood the labor organizations will appeal, and it has been suggested that the matter be laid before President Roosevelt for review. At a recent meeting of the Brotherhood of Locomotive Engineers held at Weller's Hall it was decided to mail printed copies of the proceedings in the trial of Capt. Matthews and Sergt. Mulhall, of the local police force, to the members of the order in this country, numbering over 70,000.

It is the determination of the Brotherhood to bring this matter to the attention of Congress next fall.

### Railroad Appointments.

The Southern Railway Company has issued the following circular dated March 20: Effective this date—Mr. J. N. Seals is appointed manager of the northern and eastern districts with headquarters at Washington. Mr. M. M. Richey is appointed manager of the middle and western districts, with headquarters at Atlanta, Ga. The office of manager of transportation is abolished.

L. R Loyal, now superintendent of the eastern district, with headquarters at Charlotte, goes to Knoxville to succeed Mr. Richey.

H E. Hutchins, now superintendent of the Memphis division, succeeds Mr. Loyal.

This means that the Southern Railway is to be divided into two grand divisions, one called the northern and eastern, headquarters in Washington, and the other the southern and western, headquarters in Atlanta.

### Preparing for the Season.

Mr. Theophilus Ballenger, lessee of the corporation fish wharf, is making preparations for the fishing season which is expected to begin within the next week or ten days. The planking of the wharf is now in progress.

Some fine shad which had been caught in Chesapeake Bay were in market this morning. Roe were quoted at $1 each and buck from 40 to 60 cents. Herring sold at 50 cents a dozen.

During the past few years the fishing on the Potomac has been far from satisfactory. The catch of shad has been especially disappointing. As has often been stated, this is accounted for from the fact that these fish are intercepted by trapnets in the bay and the mouth of the river, and but few are able to run the many gauntlets and reach fresh water. People engaged in the fishing business are pessimistic concerning results this spring.

### Royal Arcanum.

Mr. Henry K. Field and Mr. R. W. Arnold were in Warrenton Thursday last, and installed the newly elected officers of the Fauquier Council, Royal Arcanum, who were Albert Fletcher, jr., Regent; W. A. Thompson, Vice Regent; Dr. J. O Hoogkin, Secretary; Dr. Sam. Maphis, Treasurer; J. C. Stein, Collector; R. J. Hall, Orator; R. W. Daniel, Chaplain; S. G. Ramer, Warden, and J. E. Richards, Sentry The Royal Arcanum strikes us as one of the best of the beneficial societies. We are glad that it has passed through its days of trouble and that it is now established on a sound financial basis. The personnel of its membership in the neighboring towns and cities is comprised of the very best element of the respective localities. The visit of Messrs. Field and Arnold was much enjoyed by the Council at this place.—[Warrenton Virginian.

### Attempt to Rob Residence.

An attempt was made by thieves to enter the residence of Mr. H. Kirk, on north Columbus street, about one o'clock this morning. The noise made by the burglars awakened the inmates, one of whom discharged a pistol at the would-be intruder. Justice Caton living nearby who was also awakened, sounded a police whistle, which scared the burglars away, and when Lieutenant Smith and Officers Garvey and Beach arrived they had removed far away from the scene. It is supposed the would-be thieves were after the wedding presents belonging to Mr. and Mrs. J. W. May, who were married on Tuesday night. The officers made a thorough search of the premises as well as those of neighbors.

### Old Virginia History.

The item in this column Tuesday in reference to an old document embracing the exercises of the Jamestown Centennial one hundred years ago belonging to Mr. Julius Dreifus, has incited others to search among antiquated papers for similar books concerning Virginia. George W. Mondie, living at 324 south Alfred street, brought to this office today the second volume of "The History of Virginia from its First Settlement to the Present Day," written by John Burk. The work was printed in Petersburg by Dickson & Pescud in 1805.

### North Washington Street.

Most of the owners of property on Washington street, between Queen and Wythe, met last night in the rooms of the Chamber of Commerce for the purpose of taking preliminary action toward having those squares improved. City Engineer Dunn was present. The matter was thoroughly discussed, after which it was determined to have Washington street, between Queen and Wythe, paved on both sides with vitrified brick, with granite curbing, and the centre of the street macadamed.

Today occurs the vernal equinox.

### Personal.

Mr. Jennings, of Culpeper, is now chief book-keeper for the Alexandria National Bank, the position made vacant by the death of Mr. Wm. McA. Green. Mr. Jennings is an expert accountant and the Alexandria National Bank can be congratulated in securing the services of so competent a man.

Miss Violet Niles, of San Francisco, is visiting her friend, Miss Edith Ramsey, No. 517 Cameron street, Miss Niles is a daughter of Captain Niles, of the U. S. ship Maine, which will be stationed at Norfolk, during the exposition.

Mrs. R. W. Falls is seriously ill at her home in Washington.

Mrs. Harmer, wife of Mr. Harry M. Harmer, assistant postmaster of Philadelphia, is visiting Mr. and Mrs. Fred. C. Matthews on north Fairfax street.

### I. O. O. F.

Hon. John B. Goodwin, who will address the Odd Fellows of Potomac Lodge at their anniversary tomorrow night, is a native of the State of Georgia, where he practiced law for a number of years, and is ex-mayor of the city of Atlanta. He has served the Sovereign Grand Lodge of the I. O. O. F. as Grand Sire, and is now the Sovereign Grand Secretary with headquarters in Baltimore, Md. Members and friends of the order are requested to call on him at the Hotel Rammel tomorrow evening between 5 and 7 o'clock. A committee from Potomac Lodge will escort him to Odd Fellows Hall at 7:45 o'clock, where all arrangements have been made to celebrate the anniversary of old Potomac Lodge.

### Mr. Johnson Endorsed.

Judge J. M Love, of Fairfax, having declined to become a candidate for judge of the Circuit Court, the bar of Fairfax county held a meeting today and endorsed the candidacy of Mr. John M. Johnson, of this city, for the position.

A resolution was adopted setting forth that in the opinion of the bar the interests of the public would be promoted by the appointment by the Governor of a judge at once.

### Mail Bag Stolen.

An American mail bag, the contents of which are valued at approximately $400,000, has been stolen. The theft occurred on broad the French line steamer La Provence which left New York February 28 and reached Havre March 6.

The postal authorities have just placed the affair in the hands of detectives, although the theft occurred a fortnight ago. A cable inquiry to the New York postoffice brought confirmation of the fact that the mail bag in question had been embarked at New York.

A man giving the name of Butloss was arrested in Paris recently with American securities to the value of $42,000 in his possession, for which he could not account satisfactorily. Butloss is believed to be an accomplice of the thieves, and to have been attempting to negotiate the proceeds of the robbery.

Tomorrow Friday, Is REMNANT DAY.

Bargain Day. "Bargain" is generally understood to mean more than ordinary value, and nowhere is this better exemplified than here, especially on Friday, when extraordinary efforts are put forward by every manager in the house to rid his or her particular department of all remnants—odds and ends, short lengths, broken sizes and assortments, &c., thus insuring to shoppers the worth of their money many times over.

Bargain opportunities for tomorrow abound—and the goods are just such things as are needed now for personal use or the home.

THURSDAY EVENING, MAR. 21, 1907.

### Doctors to Run Cars.

General Manager E. C. Hathaway, of the Norfolk and Portsmouth Traction Company, has employed some 40 or 50 students from the University College of Medicine and the Medical College of Virginia at Richmond, who will go to Norfolk for ninety days, beginning with the opening of the Jamestown Exposition, as street car conductors at $2.50 per day. Mr. Hathaway says the company is anxious to employ other such students in like capacities. All have been obtained that can be secured from Richmond, as the literary colleges there do not close in time.

Many of the college students earn enough during the summer to pay their tuition for the next year, and it is for this purpose that those secured in Richmond have made contracts with the traction company for ninety days' employment.

ARGO, ARGO, ARGO, ARGO, ARGO, ARGO, ARGO, ARGO, ARGO, ARGO.

### Trust Company Formed.

Articles of incorporation for the United States Trust Company were placed on file in Washington Tuesday in the office of the Register of Deeds. The concern, is authorized to do business for the duration of fifty years, and its authorized capital stock placed at $1,000,000, which is divided into shares of $100 each. The object of the company is to conduct a general banking business, and the officers as named are Daniel M. Morgan, president; C. J. Rixey, William J. Oliver, and R. W. Beall, vice presidents; Charles A. Douglas, general counsel and trust officer; Richard E. Claughton, treasurer, and James Trimble, secretary.

Piles of people have Piles. Why suffer from piles when you can use DeWitt's Carbolized Witch Hazel Salve and get relief. Nothing else so good. Beware of imitations. See that the name is stamped on each box. Sold by W. F. Creighton & Co., 401 King street.

### Fire Losses.

More than $50,000,000—nearly a million a day—went up in smoke in the United States and Canada during the first two months of 1907. This destruction of property is revealed by the New York Commercial's statistics of fire losses for the months of January and February. In this period there were 7,445 fires, an average of 126 a day, spread over 650 cities and towns in every State of the union.

Chicago was the heaviest sufferer, with a loss for the two months, of $2,850,000. New York follows with $1,975,250. Philadelphia is third with $1,765,000.

The News—No Pure Drug Cough Cure Laws would be needed, if all Cough Cures were like Dr. Shoop's Cough Cure is—and has been for 20 years. The National Law now requires that if any poison enter into a cough mixture, it must be printed on the label or package.

For this reason mothers, and others, should insist on having Dr. Shoop's Cough Cure. No poison marks on Dr. Shoop's labels—and none in the medicine, else it must by law be on the label. And it's not only safe, but it is said to be by those that know it best, a truly remarkable cough remedy. Take no chance, particularly with your children. Insist on having Dr. Shoop's Cough Cure. Compare carefully the Dr. Shoop package with others and see. No poison marks there! You can always be on the safe side by demanding Dr. Shoop's Cough Cure. Simply refuse to accept any other. Sold by E. S. Leadbeater & Sons, druggists.

### Pope Will Be Sponsor.

It is officially announced that the Pope has accepted the invitation to be godfather to the expected child of King Alfonso and Queen Victoria of Spain. This is considered extraordinary, in view of the anti-clerical attitude of the last liberal Cabinet at Madrid, and is said to show that good relations exist between the Vatican and the Spanish reigning family. The hope is expressed at the Vatican that the action of the Pontiff will lead to the religious pacification of Spain.

It is reported that the Pope has decided to send a golden rose to Queen Victoria on the occasion of the birth of her expected child. It has been the practice since 1366, when Queen Joanna of Naples received the golden rose from Pope Urban V. to send a golden rose yearly, as a mark of the greatest distinction, to the sovereign who has performed during the year the most pious deeds for the Catholic Church. King Henry VIII. of England received a golden rose from three different Popes.

### Health in Canal Zone.

The high wages paid make it a mighty temptation to our young artisians to join the force of skilled workmen needed to construct the Panama Canal. Many are restrained however by the fear of fevers and malaria. It is the knowing ones—those who have used Electric Bitters, who go there without this fear, well knowing they are safe from malarious influence with Electric Bitters on hand. Cures blood poison too, biliousness, weakness and all stomach, liver and kidney troubles. Guaranteed by E. S. Leadbeater & Sons, druggists 50c.

Little globules of sunshine that drive the clouds away. DeWitt's Little Early Risers will scatter the gloom of sick headache and biliousness. They do not gripe or sicken. Recommended and sold here by W. F. Creighton & Co., 401 King street.

Many sufferers from nasal catarrh say they get splendid results by using an atomizer. For their benefit we prepare Ely's Liquid Cream Balm. Except that it is liquid it is in all respects like the healing, helpful pain-allaying Cream Balm that the public has been familiar with for years. No cocaine nor other dangerous drug in it. The soothing spray relieves at once and cure is certain. All druggists, 75c, including spraying tube, or mailed by Ely Bros., 56 Warren Street, New York.

### FOR OVER SIXTY YEARS.

AN OLD AND WELL-TRIED REMEDY.—Mrs. Winslow's Soothing Syrup has been used for over sixty years by millions of mothers for their children while teething with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic and is the best remedy for Diarrhœa. Is pleasant to the taste. Sold by druggists in every part of the world. Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup and take no other kind.

Guaranteed under the food and drugs act, June 30th, 1906. Serial number 1098.
